SET THE AGENDA

AND LAUNCH

THE CO-MISSION

Begin the formal work of the

commission, making explicit the

specific questions and areas it will

address based on insight from

the development phase

FORM THE **ENABLING COALITION**

Identify and work with key actors and stakeholders to test and evolve the model, engage active changemakers in education to become strategic partners in the commission, and recruit commissioners

SET UP **INVESTMENT FUNDS**

Attract a diverse mix of funders keen to invest in all aspects of the commission, including to support the experimentation strand

LEARN FROM PAST AND PRESENT WORK

Review and identify relevant insights from past commissions, research and thought leadership, and connect with stakeholders, system leaders and changemakers to find points of alignment and opportunity with present work

UNDERSTAND THE ASPIRATIONS OF YOUNG PEOPLE AND PARENTS

Listen to what young people think about learning and find out what it will take to mobilise parents and the public in a large-scale conversation about the future of education

ENABLING COALITION

Organisations with discrete expertise and aligned interests and values who invest in and guide the commission's work

STRATEGIC PARTNERS

CO-MISSION DELIVERY PARTNER

A credible research organisation holds the agenda for the co-mission, develops inputs for and facilitates the expert panels, and creates content for dissemination

OTHER **EXPERTS**

EMPLOYERS

THE **PROFESSION**

PARENTS

YOUNG **PEOPLE**

POLICY MAKERS

EXPERT PANELS OF CO-MISSIONERS

A diverse set of individuals contribute insights and ideas, consider and deliberate evidence from theory and practice, and begin to develop designs for experimentation

STRATEGIC PARTNERS

COMMUNICATION AND ENGAGEMENT PARTNERS

A set of expert organisations develop powerful messaging, engaging products and campaigns that share and test the insights from the commission with key audiences, and especially the public

EXPAND THE COALITION

Grow the range of partners and funders to take forward the ideas and approaches being developed by the commission

AN ALIGNED **EDUCATION ECOSYSTEM**

OUTCOMES

The commission has captured the interest of key actors and galvanised key parts of the ecosystem to work together in pursuit of longer-term change

DELIVER AND **EVALUATE EXPERIMENTS**

NEW LEARNING OPPORTUNITIES AND SYSTEM CONDITIONS

The system is changed and

new learning opportunities

are available to young

people, which reflect the

work of the commission

Work with partners to carry out and understand the impact of the experiments, learning in real-time and creating connections between

GROW ANTICIPATION AND DEMAND FOR CHANGE

Share the findings of the commission and build the appetite for changes to education and learning through carefully curated immersive experiences

A NEW PUBLIC **CONVERSATION**

There are shifts in public professional and political narratives which show how the commission has changed how people think and talk about education

PHASE 1: DEVELOP AND DEFINE YEAR 1

PHASE 2: DELIBERATE AND DESIGN YEAR 2-3

PHASE 3: DELIVER

SET UP A PORTFOLIO

OF EXPERIMENTS

SYSTEM/NATIONAL + PLACE-BASED

Drawing on the findings of the commission

and pre-existing work, work with partners

to design experiments at all levels

of the system that can prototype

and test new practices,

approaches and structures
